MESSAGE

“Definiteness of purpose is the starting point of all achievement”.
- W. Clement Stone

Great deeds have always a humble beginning. Stumbling blocks usually pave way to achievement.

The desire of attainment pervades in us. What prevents us from actuating our plans is either deferring the execution or be influenced by assumptions. Our dear students are not trapped in the succession of any negative purview. Their imaginations soar high till zenith and therefore they are able to carve a niche in the vast span of success. The role of facilitators of education is to trigger their capacity of creativity.

The Annual School Magazine is the surface on which our stakeholders build castles of their beautiful imagination. As the students climb the ladders of education through progression of classes, their inherent potential too continues to proceed and many a times their one stroke of thought becomes a masterpiece.

I have all the faith in my beloved students and their guides and mentors that they have nurtured the best within them to produce this wonderful bundle of literary and creative articles.

I applaud their sincere efforts as well as wish them all the best in their future pursuits.

Best Wishes,

(Dr.P.DEVAKUMAR)
Deputy Commissioner

SHRI RAJESH MOHAN

MESSAGE

It gives me immense pleasure to know that Kendriya Vidyalaya No.2, Hubballi is publishing School Magazine. As the Chairman of this Kendriya Vidyalaya, it is heartening to know that the School is giving equal importance to academics, sports and co-curricular activities ensuring all round development of students. This is possible due to personal involvement of the Principal and teachers of the School as well as hard work put in by the students.

Let us all stand united in taking this Vidyalaya to greater heights.

All the very Best.

CHAIRMAN,
Vidyalaya Management Committee
Kendriya Vidyalaya No. 2,
HUBBALLI - 580 020

NOMINEE CHAIRMAN MESSAGE

MESSAGE

I extend warm felicitations to the Principal, staff and students of Kendriya Vidyalaya No.2, Hubballi on occasion of the publication of School Magazine.

In today's intensively competitive world, the School bears tremendous responsibility in preparing the students for the reality of life and their role as citizens. The School Magazine provides an opportunity to the students to express their thoughts on a variety of topics. I urge the students to rise above themselves to realize their dreams. Each one of you must be a contributing member of the society and nation.

I exhort the faculty and the students to continue to strive for excellence.

Best wishes for the years ahead!

Nominee Chairman
Vidyala Management Committee

MESSAGE

It gives me immense pleasure to share the work of our Students motivated by Interest, Enjoyment, Satisfaction and Challenge of Work rather than by External Pressures. In an Educational system with an objective of providing a 360 degree education, the role of a School is not only to pursue Academic Excellence, but also to motivate and empower its students to become lifelong learners, critical thinkers and efficient members of an ever changing global Society. The effort to make each issue of Our School magazine to be a mile stone that marks our growth, and unfold the imagination giving life to the thoughts and aspirations of young minds unleashing a wide spectrum of Creative skills ranging from writing to editing and even in designing the magazine was done with commitment and dedication. I hereby congratulate the entire Editorial team. The School is committed to keep up the bench mark set by Kendriya Vidyalaya Sangathan, the Premiere Educational Institution under Public Sector which is a Pride of our Nation. Team work is the hall mark of our School and Kendriya Vidyalaya No.2, Hubballi will ensure further progress leading our students in their endeavor to acquire qualitative and holistic education

WALK OF LIFE

Tiny steps of mine when I would tremble,
It was you to hold my hand,
Restlessly walked along for me,
And picked me up,
After every fall,
Thanks to my Dad to be so humble.

I remember rolling down of my tears,
But it was you to keep me out of fears,
You smiled when I got on your nerves,
Every silly demand I made you would never mind,
Thanks to my Dad for being ever so kind.

I wonder how you managed to be so,
With tones of storms in your life,
Teaching us to be calm and strong,
And follow your steps with you along.

Now, it's my turn to be your side,
Hope you never mind to hold my hand this time,
I will be your support, let you never down,
I will be the one to keep your smile,
Thanks to my Dad who thought me

THE WALK OF LIFE.

Emotional girl

I am an emotion.

I surface each night

And feel the pain of yesterday

I writhe. It is the power that

I gave life. It does not soothe

Me. cast an iron shelf on

My shoulder to carry dirt,

Soot from a day anguish

That I wish to combine

With self-disgust.

I am proud of my pain

I wear it like a badge that is forged.

From spilled blood broken bones and scars

AMAZING FACT

- Your brain is sometimes more active when you're asleep than when you're awake.
- Your mouth produces about **one liter of saliva** each day!
- The word "**muscle**" comes from Latin term meaning "**little mouse**", which is what Ancient Romans thought flexed bicep muscles resembled.
- Bodies give off a **tiny amount of light** that's too weak for the eye to see.
- You lose about **4kg of skin cells** every year!
- . Babies don't shed tears until they're **at least one month old**.
- There are more than 100,000 miles of blood vessels in your body.
- You can't breathe and swallow at the same time.
- Stomach acid can dissolve metal, if it touches your skin, it would burn right through it.

CHILD LABOUR

Not all children in India are lucky to enjoy child labour. Many of them are forced to study under inhuman condition where their miseries know end. Tough there are laws banning child labour.

It is because the authorities are unable to implement the laws meant to protect children from being engaged as labourers. Children are forced to work in completely unregulated condition without adequate food, proper wages, & rest.

They are subjected to physical and emotional abuse.

Water

Drink or wash clothes with however you need

Value the pure or impure form of it

Save every drop and every life with it

Because it's no one else than water, save it.

After some years there might be lack of it

It is essential for every living being

So it is necessary to save every drop of it

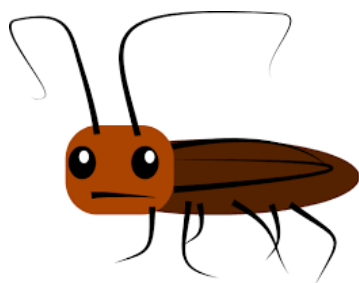

Because its water we must save for our better tomorrow.

The Cockroach

There once lived a Cockroach in my house,
As naughty as a mouse.
And one day when I noticed it eat,
My mother's tasty sweet,
And my hamburger!

I took my water gun which was full,
And tried to shoot at it,
But it stood like a bull.
Then it started giving me a chase,
All around the room.
Just then my table lamp fell on it,
And hit it with a thud.

And then to my mother, I said,
"I killed a Cockroach, mother"
"So you did a brave thing son", said my father.
But the lamp was angry with me, for you see,
it was the lamp that had killed the Cockroach.

Shadow

My shadow follows me wherever I go,
it does what I do from head to toe.

Whether I will hold a book or bat,
it does the same that copycat.

Whenever I stand in light,
my shadow is always in sight.

Sometimes short and sometimes wide,
I will always remain by my side.

Sometimes it stands as tall as a tree.
Sometimes it multiplies to become three.

It's with me every time, each time,
whether I do a good deed or a crime.

It won't get tired whatever I do,
neither will it stop until I stop too.

I wish I had a living shadow,
with whom I could share;
my happiness and sorrow.

My Promise

Each day I'll do my best,
And I won't do any less.

My work will always please me,
And I won't accept a mess.

I'll color very carefully,
My writing will be neat.

And I simply won't be happy
Until my papers are complete.

I'll always do my homework,
And I'll try on every test.

And I won't forget my promise,
To do my very best!

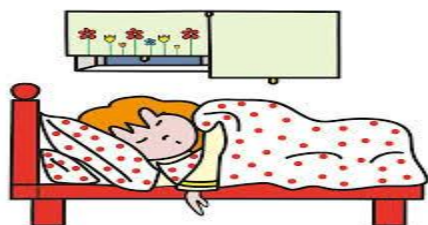

Bitter-sweet memory

The day was bright and warm, of course a very pleasant day. Arpith was always an early bird but... today he woke up bit late. He himself was not ready to believe his eyes when he saw the time. He pinched himself to check that it was not a dream. He realized that it was not a dream but real.

Then the second surprising thing Arpith noticed was when he looked at his face in the mirror, he did not recognize the face looking back at him. 'This is not me.....' he cried aloud as the person looking back at him from the mirror was a girl. And Arpith was sure that he was a boy. Then he was very scared as he had to go to the college and he had become a girl overnight. His hair was grown long.

Arpith started screaming and weeping, the time was ticking. There was only half an hour to get ready. He decided that he would not go to the college as he would be made fun of. He even touched his hair to see if it had really grown long and it had grown. He started to think how his life would change and how would he be as a girl.

Then, suddenly he recalled that last night his friends and he had a party at his home. He even remembered that he could not stop his sleep as he was used to sleeping early he managed to stay awake for a while, but without his knowledge when, he went off to sleep, he was not aware. He was sure that he slept when his friends were still at home. And now they were not there. Then he called one of his friends. For his surprise, the phone was ringing under his cot. Then all friends came out and started laughing loudly. Then Arpith removed his wig and his makeup. He was angry and even relieved. He was angry that his friends had pranked him badly and he was relieved as he was still a boy and not a girl. Later Arpith too had a hearty laugh because he had blindly believed that he had become a girl.

Later, Arpith and his friends rushed to the college as only ten minutes were left for the college to start. It was an unforgettable memory of Arpith.

THREE GREEDY FRIENDS

Three young men lived in a village. They were very poor but greedy. One day they set out in search of a job. Luckily they found a bag of money on the way. They were very happy. They decided to divide it into three equal shares.

In the middle of their way to house, they were feeling very hungry. One of them went to a village to bring food. He wanted to get all the money. He mixed poison in their food. The other two were also dishonest. They want bigger shares. They decided to kill the third man. As soon as he came back. They killed him. Then they ate the food. They also died. None could get the money.

BE HAPPY WITH WHAT YOU HAVE GIFTED.

Birds

Birds birds birds!

Beautiful birds with lovely feathers.

Playful joyful, hopeful colors

Life of birds is sweet and short.

Sleep, enjoy re-joy and retreat

Hopping here and jumping there.

And leaving sorrows and grief in despair

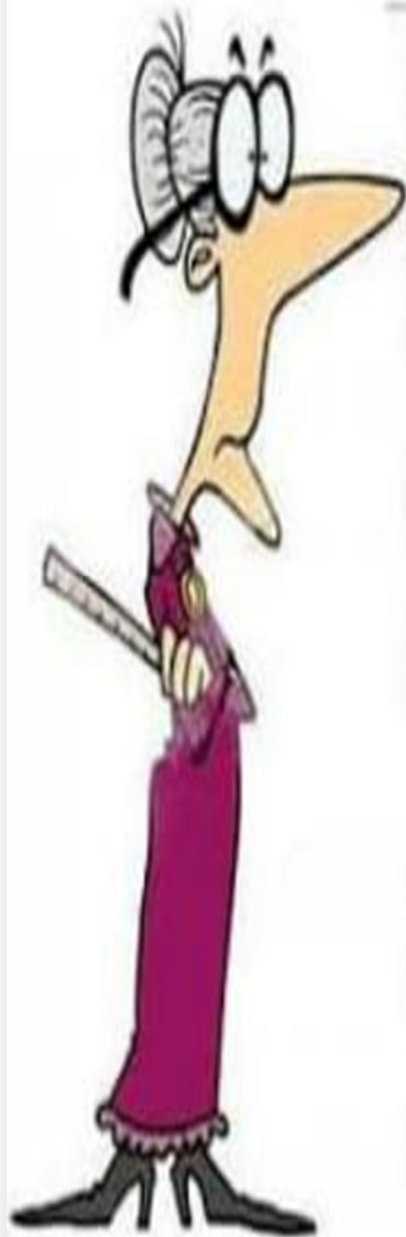

What a pity when birds are caged.

War against their freedom should be waged.

THE PROFESSION THAT INSPIRES ME

In my view medical profession is one of the mostly respected and a responsible profession. This profession is inspired by a large population of people because of its unique function. Medical professionals such as doctors, nurses, hospice workers etc. carry out a crucial function in saving a large population. It is a highly valued profession and over the centuries has helped us to live longer and healthier lives. These professionals require self-sacrifice, purity of soul and purity of thoughts. Saving a single life is treated as a great work as these people work united to save more people, hence they are treated with great respect and salute. These are the points which inspire me towards it.

IT HAPPENED WITH ME

When I had gone to stay with my grandparents, my grandfather fell ill and my grandmother asked me to go and call the doctor. The streets were dark and deserted and I was very frightened. As I was reaching the doctor's house, I saw a white figure with a stick in hand standing in the streets. Believing it to be ghost, I fainted due to fear.

When I regained consciousness, I found my mother, grandmother and the doctor looking anxiously at me. Sobbing, I related the whole incident; on hearing this, the doctor started laughing and said, "It is not a ghost but a statue of Mahatma Gandhi". Everyone including I had a hearty laugh. Now, I have overcome my fear of the dark.

Save water

Water is the precious gift of god on the earth. Life exists on the earth because of the availability of water. Itself being tasteless, odorless and colorless, it adds taste, color and nice smell in the life of living beings on the earth. It is found everywhere and known as life. It takes nothing from us but gives life to us it has no shape but takes the shape of container we store it. We find it everywhere in rivers, seas, tanks, wells, ponds etc. But we lack clean drinking water. Three-fourth part of the earth is full of water however we need to conserve water as there is very less percentage of clean water. Without water life is not possible on the earth. All the living beings like human, animals, plants etc. need water to grow develop and live. Water is the only source of all lives here. We need water in all the walks of life from morning till night like drinking, cooking, bathing, washing clothes, watering plants etc. people working in different fields need water for different purposes such as farmers need water to grow crops, gardeners to water plants, industrialists for industry work, electricity plants to generate hydro-electricity etc. So, we should save clean water for the wellness of our future generations and healthy life of water and wildlife animals. People at many places of the world are suffering water scarcity or completely lack of water in their regions. We should understand the importance of water. We should understand the importance of water in our life and stop misusing it with the proper management of usage of water.

SPACE

There is a beautiful place

It is called as space

It is completely dark

But sometimes it looks like a huge path

You can find there peace

But it looks like a huge beast

You can go there

By climbing up a huge stair

The sun is a huge star

It is bigger than mars

Space is empty

But it's dumpty

There is a beautiful place

It is called as space

कैसे लिखूँ

स्कूल की मैगजीन छप रही है
मिला है मुझे समाचार,
कैसे लिखूँ कोई लेख, कर रहा हूँ विचार ॥
टीचर ने बोला है, मिलेंगे लेख के नंबर
कर रहा हूँ की विचार कि कैसे छु लूँ अंबर ॥
सोच रहा हूँ लिखूँ कोई लेख जिसे
पढ़कर रह जाए सब दंग
वह ऐसे लिखूँ लेख जिसका अर्थ है बहुत तेग ॥
इसी के वारे मैं सोच सोच कर
हो गई दिन से रात
लेख लिखूँ या ना लिखूँ दिमाग मे यही है बात
फिर सोचा क्यों मैंने
खे लूँ शब्द से खेल
जो भी आया दिमाग में मेरा कागज पर उठाया
जोड़ जोड़कर शब्दोंको बनाया एक सुंदर सा लेख
आएगा लेख मैगजीन में, कर रहा हूँ यही विचार ॥

पहेली

पहेली - बड़ा बेसुरा बड़ा कुरूप
काला है भई उसका रूप
लेकिन उड़ना जाने है वो
मगर नहीं वो पतंग विमान
उसकी वाणी इतनी कढ़वी
पक जाते हैं सुनकर कान
बतलाओ तुम उसका नाम ?

जवाब - कौवा

बंदर मामा

बंदर मामा पहन पजामा ,
दावत खाने आए

ढीला कुर्ता, टोपी, जूता,
पहन बहुत इतराए

रसगुल्ले पर जी ललचाया
मुँह में रखा गप से

नरम नरम था गरम गरम था
जीभ जलगयी लप से

बंदर मामा रोते रोते

घर को आए

फेंकी टोपी, जूता खोला

*बेटी

जब जब जन्म लेती है बेटी

खुशियाँ साथ लाती है बेटी

ईश्वर की सौगात है बेटी

सुबह की पहली किरण है बेटी

तारों की शीतल छाया है बेटी

आँगन की चिड़िया है बेटी

त्याग और समर्पण सिखाती है बेटी

नये नये रिश्ते बनाती है बेटी

जिस घर जाए उजाला जाती है बेटी

बार बार याद आती है बेटी

बेटी की कीमत उनसे पूछो

जिनके पास नहीं है बेटी ॥

आज दिल्ली, उत्तर प्रदेश, बिहार में है हाहाकार
 हाँ भैया हुआ है वायु प्रदुषण का यह तेज़ प्रहार
 चारों तरफ छाया है घने कोहरे का कहर
 हवा में मिला है कार्बन तत्व का ज़हर
 बच्चों के विद्यालय कर दिए बंद
 पर ऑफिस कैसे हो जाना बंद?
 मुँह पर लगा के सब मास्क
 दिल्ली वाले करने चले टास्क
 रहेगी प्रदुषण एवं हर समस्या बरकरार
 जब तक नहीं होगा शिक्षित हर परिवार
 शिक्षा, स्वास्थ्य को बनाओ प्राथमिकता
 फिर देखो न होगी कोई समस्या ।

प्रदुषण

कामयाब

वो आज कामयाब है, क्योंकि
जब वो जग रहे थे रातो में,
तब हम सो रहे थे ख्वाबो में।
जब वो पढ रहे थे किताबो को,
तब हम पढ रहे थे व्हाट्सप्प को।

जब वो कर रहे थे कोशिश

अपनों का सपना पूरा करने की,
तब हम कर रहे थे कोशिश गैरो का
सपना पूरा करने की।

जब वो नजरबन्द थे एक कमरे में,
तब हम दिख रहे थे सिटी मॉल,
सिनेमा हालो में। जब वो उलझे थे
किताबो से, तब हम उलझे थे

राजनीतिक मुद्दों से।

जब वो उलझे थे देश-विदेश की खबरों में,
तब हम उलझे थे गांव देश की फ्रोन कालो में।

वो आज कामयाब है.

*भ्रष्टाचार

एक दो एक दो

भ्रष्टाचार को फेंक दो,

जब से आया है दुनियाँ मे भ्रष्टाचार

तब से लोग कर रहे है खूब दुराचार ॥

इसकी छाया बन रही है सर्वब्यापी

पर परमात्मा के प्रति यह है पापी,

भ्रष्टाचार को मारो ऐसे गोले

ताकि हर बच्चा सिर्फ यही बोले

एक दो एक दो

भ्रष्टाचार को फेंक दो ॥

*बचपन की यादें

वो दिन तो दिन थे यार
बचपन के दिन थे यार,
माँ का आलिंगन, पापा की डाँट
भाई बहन के साथ नटखट सा व्यवहार,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
बहानो से घर से निकल जाना
दोस्तों के साथ खेलना और खाना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
बिना किस्से कहानी सुने नींद ना आना
माँ की गोद में थक हार कर सो जाना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
छोटी छोटी बातों पर रूठ जाना
पल में हँसना और सब भूल जाना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
अधूरा होमवर्क और स्कूल ना जाने का बहाना
पापा का डांटना, और माँ का हमेशा बचाना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
मेहमानों के आने पर माँ के आँचल में छिप जाना
धीरे से मुस्कुराना और नजरे चुराना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
बचपन के दिन थे यार,
सुबह का नाश्ता और खाना ना खाने का बहाना

ना खाने की जिद से माँ को सताना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
पेपर की टेंशन और ट्यूशन का बहाना
यारों दोस्तों के साथ गप्पे लड़ाना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
कागज की नाव और बारिश में नहाना
गावं की गलियाँ और वो बेफिक्रा
जमाना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
बाग़ बग़िया और तितलियों का ठिकाना
घड़े का पानी और पीपल के नीचे
सुस्ताना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
चाँद चांदनी और परियों का फ़साना
सुहाने सपने और नींद का टूट जाना,
वो दिन तो दिन थे यार
बचपन के दिन थे यार,
पर ना जाने कहा चला गया वो जमाना
बचपन ही है एक सफर सुहाना,
वो दिन तो दिन थे यार
बचपन के दिन थे ।

*खेल और स्वास्थ्य

उनको खेल कर हम बन जाते मतवाले ।

खूबमिले इनसे हमको मनोरंजन

यही तो खिलाडी के लिए एक साधन है ।

न जाने हम कब इतने बड़े हो गए

खेलबुद दौडभाग को भूल ,जीवन के पतंग की लरी हो गए ॥

रूपया पैसा धन दौलत सब खेलो से मिल जाते है ।

सचिन घुमाकर अपना बल्ला लाखो लाख कमाता है ।

खेल है योग इसको जोबी करेगा ।

वो स्वस्थ होगा जो भी रोज़ करेगा लाभ उसे होगा ।

समय पर पड़ना समय पर लिखना खेलबुद भी समय पर करना

जब तुम खेलोगे खेल स्वस्थ रहेगा,

जब तुम्हारा बचपन ,खुशहाल होगा ,तब ही सारा जीवन !

खेल जीवन मई एक सितारा है वह हम सबको जन से प्यारा है ।

खेल खेल कर बने महान आओ करे अपने जीवन पर अभिमान ।

ರಾಮ ಹಾಗೂ ಶ್ಯಾಮ

ಒಂದಾನೊಂದು ಕಾಲದಲ್ಲಿ ಒಂದು ಊರಿನಲ್ಲಿ ರಾಮ ಮತ್ತು ಶ್ಯಾಮ ಇದ್ದರು.ರಾಮ ತುಂಬಾ ಹೆದರುತ್ತಿದ್ದ ಹಾಗೂ ಶಾಲೆಯಲ್ಲಿ ದಡ್ಡನೆನಿಸಿಕೊಂಡಿದ್ದ.ರಾಮ ಧೈರ್ಯವಂತ ಹಾಗೂ ಜಾಣನೂ ಆಗಿದ್ದ.ಅವರು ಕಟ್ಟಿಗೆ ತರಲು ಕಾಡಿಗೆ ಹೋಗುತ್ತಿದ್ದರು.ಆ ಕಾಡಿನಲ್ಲಿ ಒಂದು ನದಿ ಹರಿಯುತ್ತಿತ್ತು.ಆ ನದಿಯಲ್ಲಿ ಒಂದು ಕಪ್ಪೆ ಮತ್ತು ಹಾವು ಮಾತನಾಡುತ್ತಿದ್ದವು.ಹಾವು,"ನಾನು ಕಚ್ಚಿದರೆ ಮನುಷ್ಯ ಅಲ್ಲೇ ಸತ್ತು ಹೋಗುತ್ತಾನೆ." ಕಪ್ಪೆ,"ನಾನು ಕಚ್ಚಿದರೂ ಸಹ ಅವರು ಸಾಯುತ್ತಾರೆ" ಆಗ ಹಾವು ಹೇಳಿತು " ಪರೀಕ್ಷೆ ಮಾಡೋಣ"

ಮರುದಿನ ರಾಮ ನೀರು ಕುಡಿಯಲು ಬಂದಾಗ ಕಪ್ಪೆ ಅವನಿಗೆ ಕಚ್ಚಿತು .ಪುಕ್ಕಲು ರಾಮ ಬಯದಿಂದ ಮರಣ ಹೊಂದಿದ .ಅದೇ ಸಮಯದಲ್ಲಿ ಶ್ಯಾಮನಿಗೆ ಹಾವು ಕಡಿಯಿತು .ಆದರೆ ಶ್ಯಾಮ ಬಯಪಡದೆ ನೀರಿನಿಂದ ತೊಳೆದು ಗಾಯಕ್ಕೆ ಸುಣ್ಣ ಹಚ್ಚಿ ಧೈರ್ಯದಿಂದ ಊರಿಗೆ ಮರಳಿದ.

QUOTATIONS

- Mathematics is the art of giving the same name to different things.
- Measure what can be measured and make measurable what cannot be measured.
- Mathematicians are born not made.
- Mathematics consists improving the most obvious things in the least obvious way.
- Life is like MATH, if it goes too easy then something is wrong.

Mental Math's Tricks

- Squaring the 2 – digit number in 1
- Take a 2-digit number ending in 1.
- Subtract 1 from the number
- Square the difference.
- Add the difference twice to its square.
- Add 1.
- Example: $61 * 61$
- Subtract 1:
- $61 - 1 = 60$
- Square the difference:
- $60 * 60 = 3600$
- Add the difference twice to its square:
- $3600 + 60 + 60 = 3720$
- Add 1:
- $3720 + 1 = 3721$
- There you have it, i.e., $61 * 61 = 3721$

Another way to calculate table 5

- If the given number is even, write 0 in units place and write half the number in ten's place.
 - Example: 2 multiplied by 5 =
 - $\frac{2}{2} / 0 = 10$
- If the given number is odd, write 5 in its units place and write the quotient while dividing by 2 in ten's place.
 - Example: 3 multiplied by 5 =
 - $\frac{3}{2} / 5 = 15$

DIVISIBILITY RULE OF 7

- You should double the last digit and subtract the sum of the rest digits. If you get an answer divisible by 7 then the number is divisible by 7.
- Example: 506543
 - $3+3=6$
 - $5+0+6+5+4=20$
 - $20-6=14$
- 14 is divisible by 7, so 506543 is divisible by 7

MULTIPLICATION TRICKS

- MULTIPLYING 5 TIMES ANY NUMBER
- When multiplying the number 5 by an even number
- There is a quick way to find the answer.
- For ex: $5 * 4 = ?$
- Step 1: take the beings multiplied by 5 and it into half
- This makes the number 2.
- Step 2: add a zero to the number to find the answer.
- In this case, the answer is 20.

CAN YOU SOLVE THIS VIRAL MATH

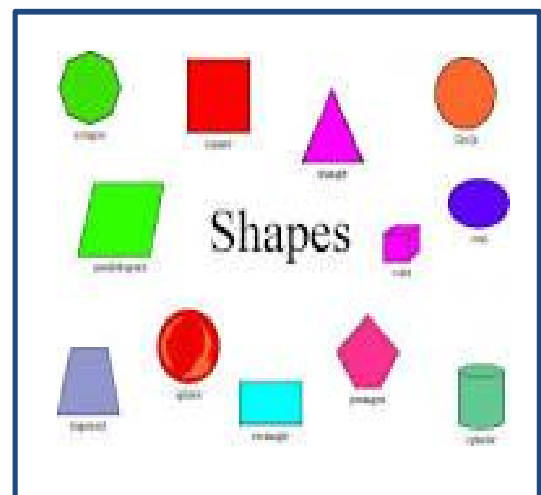

$$1 + 4 = 5$$

$$2 + 5 = 12$$

$$3 + 6 = 21$$

$$8 + 11 = ??$$

Answer: The pattern found in the answer, is $a + (a * b)$. So, the answer is $8 + (8 * 11) = 96$.

“HAMRO DORJILING” – OUR DARJEELING

By Mrs. Tsering Wangmo Zongpa(TGT So.St.)

Darjeeling or more correctly Darjeeling (Dorji-thunderbolt, ling-land) is a name that makes me nostalgic whenever I hear it. This land is my native and I was born and brought up here. Like all over India the Britishers are responsible for corrupting this name-like Calcutta for Kolkata and Bombay for Mumbai etc.

When people hear the name Darjeeling the first thing that crops up in one's mind is the tea, mountains and the mountain toy train and of late the Gurkha land agitation. So let us learn something more about this place and its people.

Darjeeling is a famed hill station in North Bengal near Sikkim bordering Nepal and Bhutan, situated at an altitude of 6710 feet. It is said that the British East India Company started the tea industry in 1835 and thereafter people started settling here from different parts of India in due course of time. Presently this region is home to over 18 lakh people of various tribal ethnicities namely Lepchas, Bhatia's, Tamangs, Sherpas, Tibetans, Yolmos, Gurungs, Chhetris, Limbus, Newars, Rais, Marwaris, etc. These people have their own language, customs and traditions but Nepali is widely spoken and majority of them identify themselves as Gorkhas as distinct from Nepalis from Nepal.

Darjeeling is one of the most beautiful hill stations in the world and truly the Queen of the hills. Because of its fame and popularity it is featured regularly in the Bollywood films from Rajesh Khanna's time (Aradhana) to that of new generation stars like Ranbir Kapoor (Burfi). There are large tea plantations and the Darjeeling tea is known as 'Champaign of tea', such is its popularity and high demand all over the world.

Because of Darjeeling's scenic beauty, unique geographical features and several other reasons it is a very popular tourist destination. So much is the rush that during the peak tourist season often there is acute shortage of water, hotel accommodations and transportations to name few.

There are many places of interest for the visitors but one among them must visit spot is the Himalayan Mountaineering Institute (HMI). This institute was founded by my maternal uncle, the legendary Tenzin Norgay Sherpa soon after he became world famous for becoming the first human to climb Mt. Everest, in May 1953 along with Sir Edmund Hillary of New Zealand. Here is a museum with a rich collection of the tools, equipment's and documents, used during the various expeditions and also various exhibits. Next to the museum is a magnificent memorial statue of the 'Tiger of the Snow' as Tenzin Sherpa was called. This statue is built on the spot where he was cremated after his death. It is in the same pose as when he sealed Mt. Everest.

When we travel from the Teesta river side and approaches the Darjeeling town we get a breath-taking view. The Kanchenjunga mountain range appear so close and gigantic that one is completely mesmerised.

The Himalayan Mountain toy trains of Darjeeling is another unique feature. At some places the train makes a complete 360° turn, in its loop and crisscross the National Highway causing traffic jam on either side. The toy train ride from the plains of Siliguri to Darjeeling will take you through thick tropical forests, bridges, fast flowing mountain streams, beautiful gardens, small tunnels, sleepy villages bustling towns and what not. You could get down, run up and again board the train while it is still running. This is an example of engineering feat that has enabled the toy train to negotiate the difficult mountain terrains of amazing geographical features and contours. And no doubt the UNESCO has declared it a World Heritage Site.

The political agitation in the last few decades for a separate state of Gorkhaland by the people with the object of preserving and promoting the unique culture and tradition of the people and having full power and responsibility of developing and progressing the region is a part of the history of Darjeeling. And so is the rapid urbanisation converting this beautiful town into concrete jungle, which robs it of the pristine natural beauty of the area.

But still Darjeeling has a lot to offer and is the number one tourist destination for all whether Indians or foreigners. So Welcome to Hamro Darjeeling!

Please note: Tourist Spots in Darjeeling

1. Tiger Hill
2. Mirik lake
3. H.M.I Museum
4. Natural History Museum
5. Padmaja Naidu Zoological Park
6. The Mall
7. Batasia War Memorial
8. Rangeet Valley Rope way

Best season for visit: 1. April to June

2. September to December.
